

# 3D PRINTER CERTIFICATION

## IDEA BUILDER 3D PRINTING

NC3 and DREMEL help shape tomorrow's workforce through certification programs, industry supported curriculum and hands-on training.

NC3, in conjunction with DREMEL and the US FabLab Network designed the DREMEL Idea Builder 3D Printer Certification to expertly train instructors and students on the setup, functionality, operation, troubleshooting and basic design software for the DREMEL Idea Builder 3D Printer.

NC3's DREMEL Certification was also created to jumpstart students' imaginations on future career choices and develop interest in manufacturing, engineering and other programs.

Receive an official NC3 certificate for proof of achievement providing third party stackable credentials that offer enhanced employment potential and higher productivity on the job.

---

### Students who receive NC3's IDEA BUILDER 3D PRINTER certification will be able to:

- ◆ Use and implementation 3D printing
- ◆ Training and materials including STEM related projects
- ◆ Purchase of the required DREMEL 3D Printers, with the ability to issue student certifications at no additional cost

### NC3 CERTIFICATION

Receive an industry-validated NC3 certificate as proof of skills achievement that can offer enhanced employment potential and higher productivity on the job, in industries such as:

- ◆ Aviation
- ◆ Building Trades
- ◆ Energy
- ◆ Manufacturing
- ◆ Transportation
