What is the LEEPS program?

LEEPS is a national program developed by The Lincoln Electric Company. The National Coalition of Certification Centers (NC3) is the certification body of LEEPS <https://www.nc3.net/>. The LEEPS program provides schools with a complete suite of portable, stackable industry-recognized welding certifications. The program involves a Train-the-Trainer initiative.

What is Train-the-Trainer?

This training is not about learning how to weld. This training prepares you (the “Trainer”) to train others. Upon completion of this training, you will be a certified NC3 trainer who provides standardized, world-class welding training at your organization. You will experience the curriculum, assessments, and exams first-hand before implementing this program in your own classroom.

Which certifications will I be able to issue?

- LEEPS Start or LEEPS Members: Fabrication 1
- LEEPS Members Only: Fabrication 2
